

Entry Checklist

☐ **Binder**

Print project information on binder cover - readable handwriting is fine

☐ **Tab 1. Entry Form, Project Description & Contracted Scope**

Official Entry Form - make sure project info is exactly how you want it listed on printed materials

Project Description (50 words, what is important to be announced about this project if you win)

Contracted Scope (optional - this is where you can be creative and artsy)

☐ **Tab 2. Narrative**

Describe your portion of the project and the work your company provided.

☐ **Tab 3. References**

☐ **Tab 4. Subcontractors and Suppliers**

☐ **Tab 5. Safety Requirements**

☐ **Tab 6. STEP Safety Management System**

Your STEP certificate from 2024 - leave empty if not a STEP recipient

☐ **Tab 7. Accredited Quality Contractor**

Your AQC certificate from 2024 - leave empty if not an AQC recipient

☐ **Tab 8. Photos and Artwork**

PRINTED photos

Flash drive with photos

Company logo on flash drive

☐ **Return Binder Deadline**

August 11 to ABC of Oklahoma Office

Questions? Contact Becky Taylor at btaylor@abcokla.org or (918) 254-8707.
Return this Official Entry Binder to ABC of Oklahoma by August 11.

More information about the EIC Entry can be found at www.abcokla.org, under the **BUSINESS DEVELOPMENT** tab click **Excellence in Construction (EIC)** then **EIC Entry**.

Entry Steps and Requirements

ABC's Excellence in Construction (EIC) awards program is Oklahoma's premier commercial construction competition, with projects vying to be named the best of the best in Oklahoma.

Be sure to note all important dates and deadlines found on the ABC of Oklahoma EIC Entry webpage.

All entries must be submitted in the three-ring binder with tabs provided by ABC of Oklahoma. Label all binders but do not wrap the binders or otherwise change/restrict the binder where it cannot be re-labeled. There is a total possible score of 100 points. Listed below are the categories and their point values.

Overall Presentation and Conformance to Entry Requirements *Max 5 points*

1. Official Entry Form, Project Description & Contracted Scope *Max 15 points*

Complete the Official Entry Form. The Project Description is a 50 word (maximum) paragraph describing what is special about your project and what you feel should be focused on for the project announcement if your project is a winner.

The Contracted Scope is up to one full page. This is where you can be creative with your entry (ensure legibility when selecting font size and design. Provide a description of your scope for this project including the following information: type of construction, size of project, contract value, length of project, and percentage of labor that is self-performed. Use this space to tell what's significant about this project. The Contracted Scope is the first thing the judges read and will be used to aid in writing the project announcement if your project is a winner.

Samples of Contracted Scopes may be viewed online at ABC's EIC Entry webpage.

2. Narrative

Max 30 points

The narrative (2 pages max) tells the complete story of the project. Worth almost a third of the total point value, the narrative should be the highlight of the application. This is where you can brag about why a project is special and what qualifies it for an award. Enlist the project manager, superintendent or other on-site personnel to help write this. Obstacles that were overcome and explanations of extenuating circumstances should be communicated clearly and succinctly. The narrative should include a detailed description of any innovative features/programs, safety record, quality control, scheduling, personnel management, value engineering, etc.

Although many projects will be used very philanthropically, be sure to tell about the project, not how the project will be used.

Safety is a priority. Be sure to include the information requested in this section of the application but also take the opportunity to describe innovative safety programs that were utilized during the project.

3. References

Max 5 points

Endorsements, third party comments and letters of recommendation from third parties involved with the project should be included in this section. General contractors should submit letters from at least the owner and the architect. Specialty contractors should submit a letter from at least the general contractor.

4. Subcontractors and Suppliers

Max 3 points

List ALL Subcontractors and Suppliers involved in the project. Also list ABC Member Professionals supporting the project (bank, insurance, attorney, etc.). Highlight ABC members (enclosed is a listing of current ABC Members).

5. Safety Requirements

Required

Complete the Safety Questionnaire in the Official Binder and describe your company's safety program.

6. STEP Safety Management System

5 points

If your company is a STEP award recipient include a copy of the current company certificate or letter. If your company is not a STEP recipient leave this tab empty. Go to www.abcokla.org under the SAFETY tab to find out about this ABC National Program and see past ABC Oklahoma STEP recipients.

7. Accredited Quality Contractor

2 points

If your company is designated as an ABC Accredited Quality Contractor (AQC), include a copy of the company certificate or renewal letter. If your company is not an AQC recipient leave this tab empty. Go to www.abc.org/AQC to find out more about this ABC National Program.

8. Photos and Artwork

Max 35 points

Include 8 to 10 PRINTED photos, the same photos digitally on a flash drive and your Company Logo.

Photographs are a great way to make a project stand out and are worth a third of the total point value. Below are helpful tips for choosing photos in this year's competition.

Let photos tell the story. Remember, the judges will not visit project sites, therefore the photos are very important and must adequately depict the project. It's helpful to provide 'in progress' photos for new construction or 'before and after' photos for restoration and renovation projects.

Include photos (8x10) in print in the binder (minimum of 8, maximum of 10) and the same photos digitally (see Digital Guidelines below).

Also include camera-ready artwork of the company logo.

CD or Flash drive - Be sure it is SECURELY fastened – and labeled with company and project name. Note that binders are moved several times, and the disc or flash drive must be fastened so that they will not fall out if the binder was carried sideways or upside down. Also, the disc or flash drive is eventually separated from the binder, and must be identifiable.

Safety, safety, safety! Analyze each photo submitted for any possible safety violations. Safety is a priority at ABC, and points will not be awarded for a photo that contains a safety violation. Involve the company's safety expert if necessary when selecting photos.

If any photos being submitted were taken by a third-party photographer, the photographer's written authorization to use the photos is required. The **Photographer's Use Authorization form** is included in the binder and can also be found on the ABC EIC Entry webpage (see top of page for website directions).

DIGITAL PHOTO GUIDELINES

Photos should be on a flash drive, CD, or emailed to btaylor@abcokla.org.

Photos should be saved at 300 dpi resolution, 4"x6" or larger.

Photos should be high-resolution .jpg or .png files.

Photos taken in landscape format (not portrait) are preferred for the winner's program.

Photos on disk should be the **SAME** photos as in the binder.

Photos must **NOT** be submitted with a picture collage or embedded in a software program, such as PowerPoint or Adobe.

Photos must **NOT** include any text or framing.

2025 Associated Builders & Contractors of Oklahoma Excellence in Construction Official Entry Form

Provide the requested information EXACTLY as it should appear in award-related materials and on the award.

Contractor / Primary Contact Information

Contractor firm entering the project: _____

Contact name for entry: _____

Mailing Address: _____

City: _____ State: _____ Zip: _____

Title: _____

Phone: _____ Fax: _____

Email: _____

Project Information

Name of project: _____

THIS WILL BE USED AS THE PROJECT NAME ON EIC MATERIALS AND AWARDS

Project location (city/state): _____

Final Contract amount: _____

Award entry category (see list): _____

Project Superintendent: _____

Name of primary architect (firm name): _____

Name of primary engineer (firm name): _____

Name of general contractor (if applying company is a specialty contractor): _____

Name of client/owner (firm name): _____

Starting date of construction: _____

Substantial completion date of construction: _____

Other Project Information

Was this a Design-build project, with design and construction services under one contract with a single point of responsibility?

☐ Yes

☐ No

Was this a LEED project through the U. S. Green Building Council?

☐ Yes

☐ No

If yes, indicate the level: _____

If you have any questions call (918) 254-8707 or email btaylor@abcokla.org

2025 Associated Builders & Contractors of Oklahoma Excellence in Construction Project Description & Agreement

Entry Deadline: Absolutely no extensions can be made to the indicated deadlines.

Warranty

The applicant warrants that the work is original, that its publication will not infringe on the rights of others and that it has the full power to make this grant.

Project Description

Write a brief project description (50 words maximum) highlighting the most impressive/unique aspects of the job. *(Use the space below or provide a separate sheet)*

Notification and News Releases

ABC of Oklahoma Excellence in Construction Award winners will be notified after the judging process. News releases will be held until after the actual awards ceremony takes place November 6, 2025. Until that time, winners agree to not send out a press release.

Applicant Agreement

I hereby give permission to Associated Builders and Contractors (ABC) to use the photographs and any information submitted to the ABC of Oklahoma Excellence in Construction Awards competition in ABC awards materials, including presentations and printed matter, as well as promotional materials and news releases.

Print name: _____ Title: _____

Signature: _____ Date: _____

Phone: _____ Email: _____

ABC of Oklahoma ♦ 1915 N. Yellowwood Ave. ♦ Broken Arrow, OK 74012

Project Award Category Form

GENERAL CONTRACTING / CONSTRUCTION MANAGEMENT

These are categories where members perform **GENERAL CONTRACTING OR CONSTRUCTION MANAGEMENT**. These include both ground-up construction and tenant finish. You may select only **ONE category** indicating the dollar amount of the contract for the project.

Mega-Projects

All projects more than \$100 million, regardless of type, whether General Contractor or Construction Management.

- ☐ Over \$100 million

Commercial

Office buildings, banks, retail facilities, hotels and mixed-use.

- ☐ Under \$2 million
- ☐ \$2 - \$5 million
- ☐ \$5 - \$10 million
- ☐ \$10 - \$25 million
- ☐ \$25 - \$100 million

Community/Public Service

Philanthropic projects that enhance the community, using substantial resources donated by the contractor. Entries should include information detailing the contractor's donated resources.

- ☐ Up to \$100 million

Federal Government/Military

All projects owned by the federal government, with the exception of transportation infrastructure and utilities.

- ☐ Less than \$10 million
- ☐ \$10 - \$100 million

Healthcare

Hospitals, assisted living, nursing homes and other licensed medical facilities.

- ☐ Under \$2 million
- ☐ \$2 - \$5 million
- ☐ \$5 - \$15 million
- ☐ \$15 - \$25 million
- ☐ \$25 - \$100 million

Renovation

Renovation or restoration of non-historical, existing buildings where more than 50 percent of square footage that has been renovated or restored.

- ☐ Under \$2 million
- ☐ \$2 - \$10 million
- ☐ \$10 - \$100million

Historical Restoration

Restoration of buildings that are registered as historical, or are eligible to be registered as historical, on a state or the national registry of historic places.

- ☐ Under \$1 million
- ☐ \$1 - \$2 million
- ☐ \$2 - \$10 million
- ☐ \$10 - \$100 million

Industrial

Manufacturing plants and facilities, refineries and similar types of construction.

- ☐ Under \$2 million
- ☐ \$2 - \$5 million
- ☐ \$5 - \$15 million
- ☐ \$15 - \$25 million
- ☐ \$25 - \$100 million

Institutional

Projects built for colleges, elementary or secondary schools, churches, local government structures; with the exception of healthcare facilities.

- ☐ Under \$2 million
- ☐ \$2 - \$5 million
- ☐ \$5 - \$10 million
- ☐ \$10 - \$25 million
- ☐ \$25 - \$100 million

Pre-Engineered Building

Encompasses commercial, industrial and institutional building projects where the primary structure is a pre-engineered metal building.

Previous winners include an indoor skating complex, a boat manufacturing plant and an office/warehouse facility. Entries should include information regarding the extent of the project this is pre-engineered (i.e. are there conventional components or portions of the building?) The contractor's role on the project (i.e. supply and erect steel, general contractor or design/builder) and why a pre-engineered building was utilized.

- ☐ Under \$2 million
- ☐ \$2 - \$10 million
- ☐ \$10 - \$100 million

Infrastructure-Heavy

Streets, highways, parks, dams, bridges and parks.

- ☐ Up to \$100 million

Public Works/Environment

Water treatment plants and sewage treatment plants.

- ☐ Up to \$100 million

Residential

Residential (single-family homes, multi-family projects and condos), including independent living retirement communities.

- ☐ Single family projects
- ☐ Multi-family & condos

Special Projects

Construction not specifically referred to in the prior categories (e.g. theme parks, zoos, skate parks, water parks and other unique types of projects).

- ☐ Up to \$100 million

ABC reserves the right to change an entry's original category if it determines that a project was entered in the incorrect category or the project's opportunity to win will be enhanced by the change to the new category. ABC also reserves the right to redistribute the contract volume levels within a category.

Project Award Category Form

SPECIALTY CONTRACTING

These are categories where members perform **SPECIALTY CONTRACTING** (Sub contractors) and are not acting as the general contractor or construction manager. You may select only **ONE category** indicating the dollar amount of the contract for the project.

Community/Public Service

Philanthropic projects, regardless of type, that enhance the community, using substantial resources donated by the contractor. Entries should include information detailing the contractor's donated resources.

- ☐ All contract amounts

Electrical - Commercial

Electrical systems in a facility built for the benefit of people comfort and occupancy such as: office buildings, hospitals, schools, shopping centers, call centers, multi-family residential, hotels, convention centers, fountain features in a commercial facility, sports arena and stadium, fire or security alarms, parking lots, medical laboratories or renovation in an existing facility.

- ☐ Under \$1 million
- ☐ \$1 - \$2 million
- ☐ \$2 - \$10 million
- ☐ Over \$10 million

Electrical - Industrial

Electrical systems built for the purpose of facilitating processes or manufacturing. Examples are manufacturing plants, processing plants, clean rooms, data centers, printing and processing centers, airports, animal facilities or electrical renovation in an existing industrial facility.

- ☐ Under \$1 million
- ☐ \$1 - \$2 million
- ☐ \$2 - \$10 million
- ☐ Over \$10 million

Mechanical - Commercial

Mechanical systems in a facility built for the benefit of people comfort and occupancy such as office buildings, hospitals, schools, shopping centers, call centers, multi-family residential, hotels, convention centers, fountain features in a commercial facility, sports arenas and stadiums, medical laboratories or mechanical renovation in an existing commercial facility.

- ☐ Under \$2 million
- ☐ \$2 - \$4 million
- ☐ Over \$4 million

Mechanical - Industrial

mechanical systems built for the purpose of facilitating processes or manufacturing. Examples are manufacturing plants, processing plants, clean rooms, data centers, printing and processing centers, animal facilities or mechanical renovation in an existing industrial facility.

- ☐ Under \$2 million
- ☐ \$2 - \$4 million
- ☐ Over \$4 million

Exterior

Masonry, precast or stone.

- ☐ All contract amounts

Exterior Finishes

All other exterior finishes not specifically referred to in the prior category.

- ☐ All contract amounts

Interior

Acoustical, drywall, millwork or plaster.

- ☐ All contract amounts

Interior Finishes

All other interior finishes not specifically referred to in the prior category.

- ☐ All contract amounts

Sitework/Landscape/Hardscape

Interior or exterior, landscaping and parking lots.

- ☐ All contract amounts

Specialty Construction

Construction not specifically referred to in the prior categories, such as roofing, fountain features or artistic scaffolding.

- ☐ All contract amounts

ABC reserves the right to change an entry's original category if it determines that a project was entered in the incorrect category or the project's opportunity to win will be enhanced by the change to the new category. ABC also reserves the right to redistribute the contract volume levels within a category.

2025 Associated Builders & Contractors of Oklahoma Excellence in Construction Safety Requirements Form

Current Program Year dates are October 16, 2024 through October 15, 2025.

Company Fatality Rule, Part A:

A company that experienced a safety-related fatality of a direct employee in the United States within the current program year is not eligible for an EIC award. *[This rule disqualifies a company.]*

Does this rule disqualify your company from winning an EIC award? ☐ Yes ☐ No

Company Fatality Rule, Part B:

A company that experienced a safety-related fatality of a direct employee in the United States during the three years before the current program year is required to provide additional information regarding action that has been taken following the fatality. *[This rule requires a company that experienced a safety-related fatality up to three years prior to submission provide details of the investigation following the fatality and demonstrate that corrective actions—procedural and cultural—have been taken to enhance the company's overall safety practices.]*

Does this rule disqualify your company from winning an EIC award? ☐ Yes ☐ No

Project Fatality Rule:

A project that involves prime, multiprime or subcontractors with a safety-related fatality is not eligible to be considered for an EIC award. *[This rule disqualifies a project, regardless of which contractor experiences the fatality on the job.]*

Does this rule disqualify this project from winning an EIC award? ☐ Yes ☐ No

OSHA Forms:

A company that does not provide project-specific OSHA Forms 300 and 300A (personal information redacted) OR company-specific forms for the year(s) the project was under construction is not eligible for an EIC award. *[The OSHA forms substantiate the applicants' responses to the fatality questions.]*

Did you provide the required forms? ☐ Yes ☐ No

Pledge:

A company that has not signed the Construction Coalition for a Drug- and Alcohol-Free Workplace pledge at drugfreeconstruction.org is not eligible for an EIC award.

[If an applying company participates in STEP, this information has been verified during the STEP application process, so the applicant can skip this question.]

Did you fill out the pledge at drugfreeconstruction.org? ☐ Yes ☐ No

Safety and Health Policy Manual:

A company that does not have a written safety and health policy manual is not eligible for an EIC award.

[If an applying company participates in STEP in 2024, this information has been verified during the STEP application process, so the applicant can skip this question.]

Does your company have a written safety and health policy manual? ☐ Yes ☐ No

2025 Associated Builders & Contractors of Oklahoma Excellence in Construction Safety Questionnaire

1. Did you read/complete the Safety Requirements Form? ☐ Yes ☐ No
2. Attach up to a one-page summary or a copy of the Table of Contents of your company's Safety & Health Policy Manual.
3. Did you develop a site-specific Safety and Health Policy Manual? ☐ Yes ☐ No
If Yes, provide up to a one-page summary or include a copy of its Table of Contents.
4. Were tool-box safety meetings held with employees? ☐ Yes ☐ No
Were these meetings documented? ☐ Yes ☐ No
Frequency of meetings: _____
Include a one page summary or an example up to two pages.
5. Was specialized training conducted on this project? ☐ Yes ☐ No
If yes, indicate types on a separate page.
6. Indicate number of OSHA-recordable accidents on this project: _____
7. Indicate number of OSHA lost-time accidents on this project: _____
8. Does your company have a written substance abuse policy? ☐ Yes ☐ No
If yes, provide a copy of the table of contents.
9. Additional information regarding any innovative safety and health programs used on this project or the company's overall safety program may be included.

Information about the person responsible for safety on this project and attesting to these accident rates:

Name: _____ Title: _____

Phone: _____ Email: _____

Signature: _____

2025 Associated Builders & Contractors of Oklahoma Photographer's Use Authorization

If any of photos being submitted were taken by a third-party photographer, the photographer's written authorization to use the photos is required. There are two ways to comply: (1) the photographer can sign and date the licensing agreement included in this document, or (2) applicant must submit a letter from the photographer giving ABC authorization to use the photos, which must follow the licensing agreement in this document. No changes are allowed to this document.

Photographs (This section may be copied to a separate page for ease of gaining signature. No amendments will be accepted.) Photographs submitted with the application have been licensed by the photographer to be used by ABC. Applicant has obtained the signature of any third party photographer to reprint the photographs without limitations.

License to Use: The undersigned photographer hereby grants Associated Builders and Contractors of Oklahoma ("ABC") a non-exclusive license regarding my photographs submitted by applicant in support of its entry in the ABC of Oklahoma Excellence in Construction Awards competition ("EIC Competition"). This license grants ABC an unlimited right to use, reproduce, crop, resize, publicly display, distribute, and transmit electronically including on the internet, my photographs in connection with the EIC Competition including but not limited to the promotion of the EIC Competition and the announcement and promotion of any awards, without payment of any royalty or license or other fee by or from ABC or applicant or agent or other representative of ABC or applicant.

Photographer's Name (signature): _____

Date: _____ Phone: _____

Photographer's Name (print): _____

Notification and News Releases

ABC of Oklahoma Excellence in Construction Award winners will be notified after the judging process. News releases will be held until after the actual awards ceremony takes place November 6, 2025. Until that time the winners agree to not send out a press release.
