

2019 ABC of Oklahoma Excellence in Construction Award Requirements and Instructions *Preliminary Entry Form*

The Oklahoma Chapter of Associated Builders and Contractors invites your company to enter its best projects in the ABC of Oklahoma Excellence in Construction Awards competition.

Recognizing Excellence in Merit Shop Construction

Now in its 33rd year, the program is designed to recognize and celebrate the outstanding achievements of ABC of Oklahoma general and specialty contractors. Your company has the opportunity to compete for honors in the commercial construction industry's premier annual awards program – the ABC of Oklahoma Excellence in Construction Awards competition – recognizing the outstanding construction projects of the year.

All award winners will be recognized at the Thursday, October 24th awards celebration at the Cox Business Center Ballroom (formerly Tulsa Convention Center). The ceremony will feature a multi-media presentation highlighting the Eagle award winners, and a printed program highlighting each award-winning project. All winners will be recognized in a special edition of *The Advantage* newsletter, on the ABC of Oklahoma website and a news release for Eagle Award winners will be distributed to local media outlets.

All chapter winners will automatically be qualified to enter the ABC National Excellence in Construction awards program where the winning projects will be honored at the association's National Awards celebration on March 26, 2020 in Nashville, Tennessee.

Judging:

A panel of judges representing a cross section of the industry will select our winners. Judges will evaluate entries based on the material submitted and will consider factors such as attractiveness of design, complexity, workmanship, innovation, unusual challenges or problems overcome, etc. No member or staff of Associated Builders & Contractors of Oklahoma will participate as judges.

Purpose:

The Associated Builders and Contractors of Oklahoma Excellence in Construction Awards are designed to recognize and publicize outstanding projects built by members of the association. This recognition will bring about a greater awareness in our area of the quality of work being produced by merit shop contractors. And, by calling attention to the “best of the best,” we hope to continue to raise standards throughout the construction industry.

Eligibility:

Any general contractor or subcontractor member in good standing of Associated Builders & Contractors of Oklahoma may enter. Only projects completed between October 16, 2018 through October 15, 2019 are eligible. The date on the Certificate of Substantial Completion shall determine the project's completion. There is no geographic limitation on the location of any project entered.

Owner's written approval for projects to be entered and judged should be obtained in advance.

The Awards Committee reserves the right to re-categorize and /or disqualify any entry for cause with proper notification to the contractor. An entry will be disqualified if all requirements are not met.

**Projects with members performing as
GENERAL CONTRACTORS OR
CONSTRUCTION MANAGERS:**

Categories will be broken down into dollar amounts on the Official Entry Form in the Official Entry Binder.

Mega-Projects

all projects more than \$100 million, regardless of type, whether General Contractor or Construction Management.

Commercial

office buildings, banks, retail facilities, hotels and mixed use buildings.

Community/Public Service

includes philanthropic projects using substantial resources donated by the contractor, regardless of type, that enhances the community. Entries should include information detailing the donated resources.

Federal Government/Military

all projects owned by the Federal Government, with the exception of transportation infrastructure and utilities.

Healthcare

hospitals, assisted living, nursing homes and other licensed medical facilities.

Historical Restoration

restoration of buildings registered as historical, or that are eligible to be registered as historical, on a state or the national registry of historic places.

Industrial

manufacturing plants and facilities, refineries and similar types of construction.

Infrastructure-Heavy

streets or highways, dams, bridges and parks.

Institutional

buildings built for colleges, elementary or secondary schools, churches, local government structures; with the exception of healthcare facilities.

Pre-Engineered Building

encompasses commercial, industrial and institutional building projects where the primary structure is a pre-engineered metal building. Previous winners include an indoor skating complex, a boat manufacturing plant and an office/warehouse facility. Entries should include information regarding the extent of the project this is pre-engineered (i.e. are there conventional components or portions of the building?), the contractor's role on the project (i.e. supply and erect steel, general contractor or design/builder) and why a pre-engineered building was utilized.

Public Works/Environment

water treatment plants and sewage treatment plants.

Renovation

renovation or restoration of non-historical, existing buildings with more than 50 percent of square footage that has been renovated or restored.

Residential

single-family homes and multi-family projects and condominiums, including independent living retirement communities.

Other Construction

construction not specifically referred to in the above, such as theme parks, skate parks, water parks, zoos, and other unique types of projects.

**Projects with members performing as
SPECIALTY CONTRACTORS:**

Community/Public Service

includes philanthropic projects, regardless of type, that enhanced the community, using substantial resources donated by the contractor. Entries should include information detailing the donated resources.

Electrical - Commercial

systems in a facility built for the benefit of people comfort and occupancy such as: office buildings, hospitals, schools, shopping centers, call centers, multi-family residential, hotels, convention centers, fountain features in a commercial facility, sports arena and stadium, fire or security alarms, parking lots, medical laboratories or renovation in an existing facility.

Electrical - Industrial

systems in a facility built for the purpose of facilitating processes or manufacturing. Examples are manufacturing plants, processing plants, clean rooms, data centers, printing and processing centers, airports, animal facilities or electrical renovation in an existing industrial facility.

Exterior

masonry, precast, stone and all other exterior finishes.

Interior

to include but not limited to as follows: metal stud and gypsum, ceiling finishes, painting and wall coverings, other wall finishes and flooring. It is our intent to award based on degree of complexity and high end finishes showcasing the contractor's abilities.

Mechanical - Commercial

systems in a facility built for the benefit of people comfort and occupancy such as office buildings, hospitals, schools, shopping centers, call centers, multi-family residential, hotels, convention centers, fountain features in a commercial facility, sports arenas and stadiums, medical laboratories or mechanical renovation in an existing commercial facility.

Mechanical - Industrial

systems in a facility built for the purpose of facilitating processes or manufacturing. Examples are manufacturing plants, processing plants, clean rooms, data centers, printing and processing centers, animal facilities or mechanical renovation in an existing industrial facility.

Sitework/Landscape/Hardscape

interior or exterior landscaping and parking lots.

Other Specialty Construction

construction not specifically referred to in the above specialty categories, such as roofing, fountain features or artistic scaffolding.

These are categories where members perform GENERAL CONTRACTING OR CONSTRUCTION MANAGEMENT. These include both ground-up construction and tenant finish.

These are categories where members perform SPECIALTY CONTRACTING and are not acting as the general contractor or construction manager.

EACH PROJECT MAY ONLY BE ENTERED INTO ONE CATEGORY OF COMPLETION.

2019 ABC of Oklahoma Excellence in Construction (EIC) Award Dates

- 1) Mail or email the Preliminary Entry Form with registration fee of \$175 per entry by July 19.
- 2) Pick up the Official Entry Binder for each Preliminary Entry Form from ABC of Oklahoma on July 26.
- 3) Complete the final application requirements and assemble in the Official Entry Binder. Return the Official Entry Binder by August 23 to ABC of Oklahoma.
- 4) The Excellence in Construction Awards Banquet will be held Thursday, October 24 at the Cox Business Center, Tulsa, Oklahoma.

Entry Steps & Requirements

FIRST - Preliminary Entry Form

Fax or mail the Preliminary Entry Form with registration fee of \$175 per entry by **July 19, 2019**. Each entry will require a separate entry form and registration fee (copies should be made for multiple entries). This is NOT your official entry and is for the purpose of determining the number of binders each company needs. No refunds if you choose to not enter.

SECOND - Official Entry Binder

ABC of Oklahoma will provide an Official Entry Binder for each Preliminary Entry Form received. This binder must be used for the Official Entry. The Official Entry Binders may be picked up from ABC of Oklahoma on **July 26, 2019**.

THIRD - Official Entry

Dates, deadlines and entry steps/requirements are on the EIC Entry webpage at www.abcokla.org, under the **BUSINESS DEVELOPMENT** tab click **Excellence in Construction** and **EIC Entry**. Go to this webpage to print detailed information for your entries.

Return the Official Entry Binder no later than close of business on **August 23, 2019** to ABC of Oklahoma.

FOURTH - Award Winners

Upon winning an award, notify and invite other members of the project team (owner, architect, subcontractors, etc.) to participate in the awards ceremony.

Winning contractors will be provided the opportunity to honor those you feel worthy (owner, architect, other contractors, lead project staff, etc.) with a smaller replica of the Eagle Award.

Make your reservations for the ABC of Oklahoma Excellence in Construction Awards Banquet to be held **Thursday, October 24** at the Cox Business Center Ballroom.
